Clinical Assessment

LESSON 9

Using your copy of the Rugnapatrikam and the intake form utilize the relevant sections of these forms to source questions and document information for 3 clients on symptoms related to doshic state and the and the state of the 3 malas malas. Submit a case writeup of each clients prakruti/vikruti and with describe in detail if vikruti doshas are vrudhi, kshaya, and/or dushti and possible causes and sites that these gunas are manifesting in.*

What is the clients state of agni and is ama detected? How?*

What malas are effected and how (sama-nirama, vruddhi, kshaya, dushti)?*

Begin studying for your final evaluation by reviewing the classes and materials from Lesson 1 in this module.
